

## Using the Care4Kids Administration tools

The OEC uses information from the OEC Registry to assess Care4Kids health and safety training compliance.

Administrative access / Multi Site Administrative (MSA) access users have a specific set of Care4Kids tools available after log in, under Program Administration, to help show and monitor compliance:

First, click on Care4Kids Administration.

**Care4Kids: Applicable Staff**

The director (leader) and all teaching staff of programs receiving Care4Kids must complete the one-time health and safety orientation requirements within 90 days of employment and complete ongoing annual professional development.

Director / Leader "...means a person who has **primary responsibility for the daily operations and management** for a child care provider, which may include a family child care provider, and which may serve children from birth to kindergarten entry and children in school age child care..".

(Child Care Development Block Grant Act of 2014, pub.L. 113 186 § 98.2)

Every program receiving Care4Kids must identify in the OEC Registry one leadership staff member who meets this definition and therefore must complete the CCDF requirements.

Please choose from this drop down menu of confirmed staff in leadership positions based on their roles identified in Staff Confirmation and **identify the person that is this director/leader.**

Director/Leader :

A Director / Leader (see federal definition above), must be identified. Choose the appropriate staff member from a drop down of staff in leadership roles.

The Director / Leader and applicable staff then show up on the program's OEC Health and Safety Orientation Report (see first screen shot for location in tools).

This report pulls information from each staff member's training for the applicable Care4Kids related items, and calculates both the individual's compliance and the overall program.

\*Director/Leader is designated in bold

**Summary Table**

|   |    |
|---|----|
| # of Applicable Teaching Staff                  | 6  |
| # of Teaching Staff who Meet CCDF Orientation   | 0  |
| % of Teaching Staff who Meet CCDF Orientation   | 0% |
| Director/Leader Meets CCDF Orientation          | No |
| Program Meets CCDF Orientation                  | No |
| Last date of program attestation for ongoing PD |    |
| Attestation within 12 months                    | No |

Note that once a staff member achieves a Yes for compliance, it remains Yes even if certifications expire. This is a one-time orientation per person.

The summary table at the bottom of the report identifies if the designated Director / Leader meets requirements, and the pool of staff.

Newly hired applicable staff have 90 days to meet the requirement.

The designated Director / Leader shows up in bold on the list of staff.

After designating the Director / Leader under **Care4Kids Administration**, additional options are revealed: *Make Attestation*, and *Health and Safety Training Log*.

### Care4Kids: Applicable Staff

The director (leader) and all teaching staff of programs receiving Care4Kids must complete the one-time health and safety orientation requirements within 90 days of employment and complete ongoing annual professional development.

Director / Leader "...means a person who has **primary responsibility for the daily operations and management** for a child care provider, which may include a family child care provider, and which may server children from birth to kindergarten entry and children in school-age child care..".

(Child Care Development Block Grant Act of 2014, pub.L. 113-186 § 98.2)

Every program receiving Care4Kids must identify in the OEC Registry one leadership staff member who meets this definition and therefore must complete the CCDF requirements.

Please choose from this drop down menu of confirmed staff in leadership positions based on their roles identified in Staff Confirmation and **identify the person that is this director/leader.**

Director/Leader :  Save

[Make Attestation](#)

[Health and Safety Training Log](#)

[Return to Program Administration Page](#)

*Make Attestation*: At least annually, the Director / Leader is expected to verify that all applicable staff are meeting the requirements.

### Attestation of Annual Care 4 Kids Professional Development Training Hours:

I attest as the program administrator or owner that all my required staff have completed the annual Care 4 Kids professional development training hours, which are required by the Child Care and Development Block Grant (CCDBG) Act of 2014 Pub. L. 113-186 and the regulations, 45 CFR Part § 98.44(b)(a). I understand that records must be retained at the program for audit purposes.

The attestation is the first step toward showing compliance with the ongoing annual training.

The Director / Leader then uses the *Health and Safety Training Log* to indicate how the program is meeting ongoing training in the federal topic areas. Use *Add Log Entry* to show the OEC the progress.

**Health and Safety Training Log**

Federal Reporting Year:

| 13. Precautions in transporting children (if applicable)                  | 0%                 |

[Return to Program Director Page](#)

The OEC Registry automatically calculates the applicable staff. There is a link that allows you to see a list of who is applicable and, for those who are not currently applicable, the reason why... most commonly it may be because the person is a leadership level staffer who is not the Director / Leader, or a teaching staff member within their first 90 days.

**Health and Safety Training Log**

According to the Registry, you currently have 6 applicable staff per federal definition. Please enter the number of staff trained in each area. [To see a list of the director / leader and teaching staff members being included in the applicable staff count, click here.](#)

[X CLOSE](#)

| Applicable Staff   |  |
|--------------------|--|
| Buffalo Bob        |  |
| Howdy Doody        |  |
| Rick Wright        |  |
| Selena Gomez       |  |
| Theodore to Calvin |  |
| Thomas Magnum      |  |

| Not Applicable Staff    | Reason                      |
|-------------------------|-----------------------------|
| Jonathan Quayle Higgins | Job Title Not Applicable    |
| Kim Moans               | Hire date less than 90 days |

| Health and Safety Topic Area   | # of applicable staff trained to date |
|--|---------------------------------------|
| 1. Prevention and control of infectious diseases, including immunization | _____                                 |
| 2. Building and physical premises safety                                 | _____                                 |
| 3. Emergency preparedness and response planning                          | _____                                 |
| 4. Storage of hazardous materials and bio-contaminants                   | _____                                 |

The Director / Leader then enters the number of staff that have completed training. This should be repeated to show the progress of training in the topic areas AND that all staff are involved. The OEC Registry automatically calculates the percentage.

**How will the OEC use the ongoing training information to monitor compliance?**

The annual attestation and the training log show conscious awareness of the law and action to maintain meeting it. The OEC will then audit Care4Kids providers.

**How can a provider show training in the federal topic areas?**

The OEC Registry can now store ALL training for a user. There are certain trainings OEC automatically records in the OEC Registry (official CT ELDS and CT DOTS training, for example), and others that you track as part of your professional development record keeping. These other trainings can now be uploaded to the individual’s account as Unverified Training. The OEC Registry staff will not be verifying each of these trainings. See the OEC Registry’s Submit Documentation for more detail.
